 OFFICE OF THE HEAD MISTRESS
MALIGAON HIGH SCHOOL
P.O. : MALIGAON, GUWAHATI-781011

f. No. Date : 07-09-2019

LETTER OF APPRECIATION

To,

Dr. Manisha Phukan Asstt. Prof Deptt of Physics
L.C. Bharali College, Guwahati-11

Our heartfelt gratitude and appreciation goes to Dr Manisha Phukan who was representing the Assam Science Society (Maligaon Branch) of LCB College for her inspiring lecture on ‘Superstition and Science’ organized at our school premises as a resource person on the occasion of Science Awareness Programme. For many people, engaging with superstitious behaviours provides a sense of control and reduces anxiety which is why levels of superstition increase at times of stress. But while this may well be true, research has shown that actions associated with superstitions can also become self-reinforcing. In that the behaviour develops into a habit and failure to perform the ritual can actually result in anxiety. Such Awareness among the students was ignited by Dr. Manisha Phukan in her inspiring lecture.
