**Women's rights and the law**  
Women's rights against all forms of discrimination and attaining equality with their male counterparts are fundamental human rights. There is a long history of addressing this issue at various national and international fora. There are hosts of mechanisms and instruments developed against gender discrimination. In India, the principle of gender equality is enshrined in the Preamble of the Constitution and Directive Principles of State Policy which empowers the state to adopt measures of positive discriminations in favour of women. In India, there are several laws against discriminations of women at various levels. Women nevertheless suffer regular violations of their human rights throughout their lives. Achieving equality between women and men requires a comprehensive understanding of the ways in which women experience discrimination and are denied equality so as to develop appropriate strategies to eliminate such discrimination'.  
This workshop aims at bringing together activists, members of social movements, politicians, writers, academicians and professionals to discuss the issues relating to discrimination against women and available protective legal framework.

At the initial stage it catered mostly to undergraduate working men and women. It was at the initiative of the neighborhood community and the generous donation made by the family of Lalit Chandra Bharali that facilitated the purchase of its own land in 1972 and it was only from the next year that the college functioned for the first time from its own premises and since then it is the Governing Body that constitutes the primary management system of the college.</p> <p>The establishment of the college was driven by a holistic approach towards higher education to the marginal student community who could not access the central/city colleges for various reasons. It was also an educational outreach for the students who lived beyond the city limits and the entire Northeast. However since the last two decades the college has notched up its credibility as it attracts some of the best students from the entire northeast region for its non-traditional subjects at the UG level. Another USP of the college is the natural ambience that prevails in the campus. It is nestled in the foothills of the beautiful Nilachal (abode of the Goddess Kamakhya) and Adingiri Hills providing an idyllic environment for teaching and learning.</p> <h4>How To Reach LCB College, Guwahati</h4> <p>Accessible by public transports i.e., City Bus, Tata Magic &amp; CAB services like Ola, Uber etc. (Approx. 3 km from Jalukbari Chariali and 5 km approx. from Guwahati Rly Station).</p> <h4>Contact Details</h4> <p>For more details or any queries please contact Programme Manager, EICT Academy IIT Guwahati Email: <a href="mailto:eictacad@iitg.ac.in">eictacad@iitg.ac.in</a>, <a href="mailto:eictacad@gmail.com">eictacad@gmail.com</a> Phone No: +91-361258-3182/+91-7086502139 Coordinator from LCB College: Ph No.: 9435306734</p>
